

EMREX is the solution for electronic transfer of achievement records between higher education institutions in Europe. The Field Trial is now rolling on, and exchange students are digitally transferring their achievement records between institutions in Norway, Sweden, Finland and Italy - with Denmark soon to come. What is the actual status? Does it work? What do the students think about EMREX? If you're not already onboard - how do you join?

At our second open seminar we will try to answer all these questions, but also have time for discussions among the different countries and partners taking part in this policy project, co-funded by the Erasmus+ Programme of the European Union.

Invitation
to the

EMREX is here!

Seminar

31. January 2017

Helsinki, Finland

Presented by the
EMREX Project

www.emrex.eu

Why and how to participate?

- ▶ EMREX is supporting student mobility, and it is already here - come and see how it works!
- ▶ Learn more about how the field trial is conducted in your country and learn more about the future possibilities of EMREX.
- ▶ Get valuable contacts
- ▶ The seminar is free of charge, but participants are expected to cover their own travelling and accommodation expenses.
- ▶ Sign up by here before December 15 2016:
<https://www.webropolsurveys.com/S/8F6BFC0EFCDA40C1.par>
or on www.emrex.eu.

Meeting venue: Arcada University of Applied Sciences (photo by Valtteri Kantanen)
